Dear Mr. Haskins:

The Division of Water Resources (division) received your permit termination request on December 19, 2012. The division is terminating the above referenced permit effective as of January 8, 2013. Ryan Owens from the division's Columbia Environmental Field Office visited your property and verified that the concentrated animal feeding operation (CAFO) located at 1070 Haskins Chapel Road is no longer in operation; he also noted that you had reported that the waste storage tank was empty and that the property had been sold. If you should again decide to operate a CAFO you must seek the appropriate permit coverage, per the requirements of TDEC Rule 1200-04-05-.14.

If you have questions, please contact the Columbia Environmental Field Office at 1-888-891-TDEC; or, at this office, please contact Ms. Erin O'Brien at (615) 253-2245 or by E-mail at *Erin.O'Brien@tn.gov*.

Sincerely,

Vojin Janjić
